

One postdoctoral position and one Ph.D. position in the Group of Experimental Decision Making and Behavioral Neuroscience

Applications are invited for a **3-year postdoctoral position** and **one Ph.D. position** in the Group of Experimental Decision Making and Behavioral Neuroscience at Skolkovo Institute of Science and Technology (Skoltech) in Moscow, Russia. Skoltech is a new graduate university established by the Russian government in collaboration with Massachusetts Institute of Technology (<http://www.skoltech.ru/en/>). It is an ambitious project aimed at bringing together the best international and Russian traditions in education, research and innovation. The official language of instruction and communication at Skoltech is English. International candidates are strongly encouraged to apply. Skoltech offers internationally competitive salary, housing allowance, medical insurance and a relocation package.

Group's main research interests include integration of innovative methods of Game Theory, Neuroscience, Crowdsourcing and Cognitive Decision Theory such as fMRI brain imaging, agent based modeling and laboratory experiments in decision making to better understand the influence of social factors on human behavior and utilities.

Postdoctoral applicants

Required qualifications: Ph.D. in applied mathematics, computer science, economics, or neuroscience. Experience in conducting and analyzing behavioral or neuroscience experiments, running simulations is a plus.

Application packages should include cover letter, CV, publication list, contact information of three references, statement of research interests with the emphasis on the relevant qualifications and group's research interests - everything in the form of a single PDF file.

Ph. D. applicants

Required qualifications: M.Sc. in applied mathematics, computer science, economics, or neuroscience (or a comparable degree) with good training in statistical methods and mechanism design.

Application packages should include cover letter, CV, the contact information of three references, statement of research interests, and copies of the transcripts of Bachelor and Master studies - everything in the form of a single PDF file. The applicants are also encouraged to include the results of the following tests, if available: GRE General, TOEFL or IELTS.

All applications and inquiries should be sent to Dr. Evgeniya Lukinova via email lukinova@skolkovotech.ru. Positions are available immediately. The search is open until the positions are filled.
